Instructions

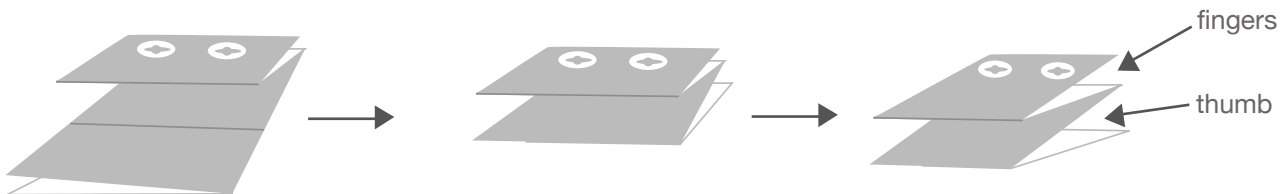

1. Print the Muppet hand puppets on regular paper or cardstock and cut out each template.
2. Start by folding the page in half along the vertical center line.

3. Fold the page in half again along the horizontal center line (the design should be on the inside).

4. Fold the top back so the face is on top, then fold the bottom underneath. The mouth should now be on the inside with the face on top.

5. Slip your fingers into the top pocket and your thumb into the bottom pocket to open and close your Muppet hand puppet's mouth.
